Put your guests in the hot seat!

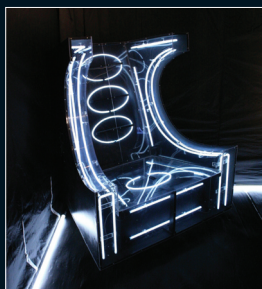

It may not be reality TV, but your party or event will be a huge success when you have a real **diary room** – complete with funky illuminated chair!

Your guests will love the opportunity to jump in our chair – they'll know what to do – and the camera captures it all in digital format to create a fantastic memory for many years to come.

Party

- Be the first to have the diary room chair at your hen or stag night.
- Give your wedding guests the opportunity to record their good wishes (or unprintable comments) in our mobile diary room – they'll love it!
- Make your special party, whether it's a birthday, anniversary or family gathering, extra-special by using our mobile diary room to set up a live chat or interview and give someone an amazing surprise on their special occasion.
- Invite your Prom-goers into the diary room to add their memories to the mix – and what a great photo opportunity.

Corporate

- If you really want to make your conference completely unforgettable put a diary room chair on stage – it's guaranteed to make your presentation stand out from the crowd, use it as the place to relate your stories, anecdotes and case studies and your audience will never forget them.
- Put a diary room chair on your exhibition stand – and watch the visitors crowd around.

You'll have your own ideas on how to use the diary room chair – be creative!

All you need to do is give us a call and get your booking in right away. There's only one diary room chair, make sure you're the one who gets it to make your event really spectacular.
